
ChArUco 9x6 squares | square 40 mm | marker 30 mm | DICT_APRILTAG_36h11, ids 0-26 | OpenCV >= 4.6 layout (not legacy) | board 360 x 240 mm
Print on A3 at 100% / actual size (no 'fit to page'). Check both 100 mm bars and a full row/column of squares (360 / 240 mm) with calipers;
use the measured square size in the calibration. Mount flat on rigid board, matte paper. For the Go2 front camera's intrinsics (cv2.fisheye.calibrate).
